

Test-Tel

Eliminate the risk of poorly fitted rupture discs

The Test-Tel installation aid is designed to confirm correct disc and Flo-Tel™+ installation to improve fitting and maintenance schedules. Test-Tel is a low cost portable tool for a “right first time” approach to rupture disc installation.

- Eliminate the risk of badly fitted rupture discs
- Prevents wrongly wired detection
- Reduces costs and time
- Simple to use
- Disc status and Flo-Tel™+ check
- ATEX approved and intrinsically safe
